

FIG. 1

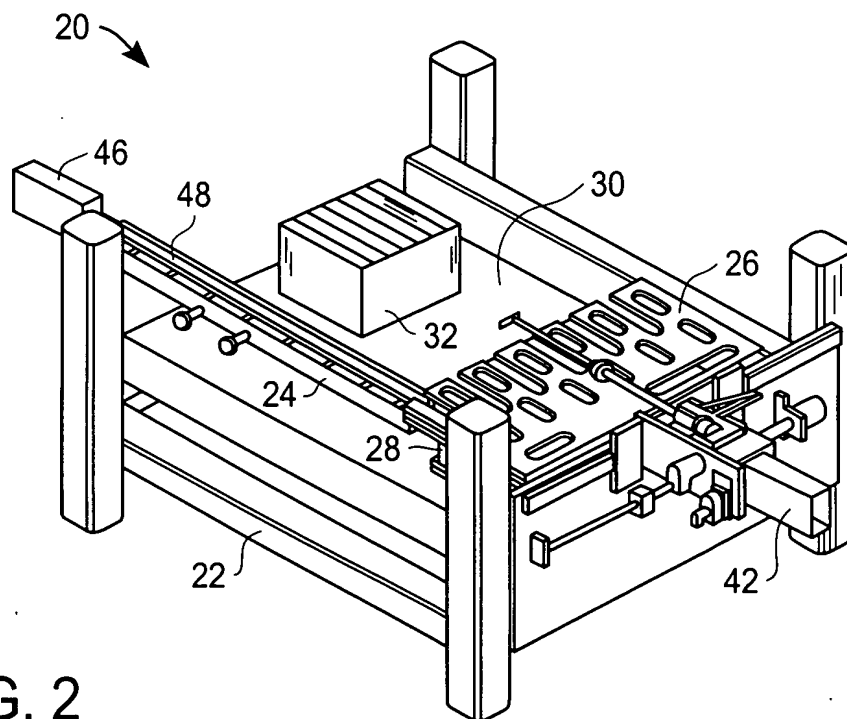

FIG. 2

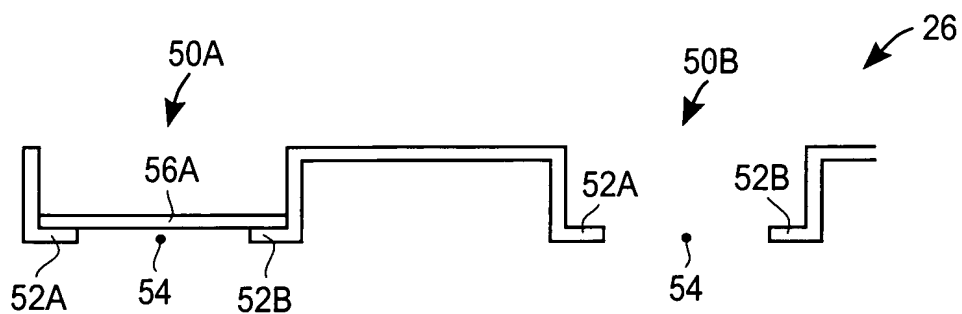

Diagram illustrating a cross-sectional view of a comb-like structure 26. The structure consists of a series of teeth 50A, 50B, 50C, 50D, 50E, and 50F. A rectangular block 56A is positioned on the top surface of tooth 50A, with a downward arrow indicating a force or movement.

This diagram shows a cross-sectional view of a substrate 26 with a series of rectangular openings. The openings are labeled 50A, 50B, 50C, 50D, 50E, and 50F from left to right. A plunger 56C is shown pressing down on the top surface of opening 50C. The plunger has a downward-pointing arrow and is labeled 56A and 56B on its sides. A horizontal arrow 58 points to the left, indicating a direction of movement or force.
